CaptiveAire is the nation's leading manufacturer of commercial kitchen ventilation systems and a growing manufacturer of commercial and industrial HVAC systems. As the industry's innovator, we set the standard for quality and service and offer the most competitive pricing. CaptiveAire is also known for the fastest and most reliable lead times in the industry. Our integrated ventilation packages include Dedicated Outdoor Air Systems (DOAS), exhaust fans, electrical controls, direct-fired heaters, supply and grease-rated exhaust duct, fire suppression systems, grease filters, make-up air units, high volume low speed (HVLS) fans, exhaust hoods, and utility distribution systems. CaptiveAire's clients include independent owners, national chains, and other public and private institutions. Our mission over the past 40+ years has been to provide the highest quality products and service at the lowest possible price, keeping our users' best interests in mind at all times. We are dedicated to providing a sustainable and reliable solution for the lifetime of our products. Our customers have grown to trust CaptiveAire as a name they can rely on. CaptiveAire maintains a network of over 100 sales offices in the U.S. and Canada, a local service network throughout the United States, and six strategically located manufacturing plants in North Carolina, Iowa, Oklahoma, California, Pennsylvania and Florida. Highlights of our culture include: continuous improvement at all levels, striving for excellence daily, a singular focus on our customers, rejection of the status quo, integrity at all times, efficiency whenever possible, responsibility and self-reliance by every individual, frequent communication and employee recognition, and understanding that execution is the ultimate determinant of success.
